From the Head of Wellbeing

Dear Parents, Carers, Friends and Students of Marian College,

❖ *We encourage excellence and perseverance in learning,*

❖ *We strive for continuous improvement*

Almighty God We give you our school. We give you all the teachers and staff who work here, We give you all the children who study here. We pray our school would be a place of great discovery, adventure, and creativity. May it be a place where we love to learn and where we learn to love, A place where everyone is respected and all are deeply valued. We ask all this through Jesus Christ our Lord. Amen.

A warm welcome back.

The start of this new Term represents hope and renewal for our community. We experienced a sad first Term with the loss of Sophia and while we will continue to carry our sadness over this loss, we try and maintain hope for the future and look ahead to all that awaits us as a community, knowing that good also lies ahead of us too. We will also carry with us happy memories of Sophia, and memories of how we came together to love and support each other. This togetherness is something that will continue to help us through the good and the hard times that we may face into the future - we will not be alone and we will always

have people around us who genuinely care and want the best for us. We can take comfort in knowing that as we move forward.

ANZAC DAY LITURGY

Stephen East, along with the Year 12 leaders, put on a wonderful ANZAC service. Our whole school joined together to remember those ANZACs who were lost and those who survived - all of whom serve to remind us of the horrors and senselessness of war. Our guest speaker, Major Tom Clark, presented a humorous and inspiring talk about the importance of living with integrity, using his own experiences and those of others to help illustrate the importance of persistence and living in accordance one's own values.

SPORTS

Students hit the ground running this week with their sports...and hit the pool swimming too! We had students go off to State Swimming (which was a huge achievement) and our girls also enjoyed a day out at Intermediate and Senior football, which we hear was a fun day, albeit a little cold at times. Look out for Cross Country next week, which will run in period 5 on Monday 1st May. This is a fun event for all levels of physical fitness and not too strenuous. If running is your cup

of tea, or whether you think you might prefer a brisk walk, participation means you will be active and socialising with your peers and that is always a positive!

UPCOMING CAMP

Our Year 11s will head away on their camp to Melbourne next Wednesday. This is a very popular camp that provides students with further exposure to Melbourne and its sights and delights. We wish the staff and students going a fun and safe time and look forward to seeing the photos!

Australasian Scooter Championships

The Marian College community congratulates Year 11 student, Matthew Hargreaves, on his recent success at the Australasian Scooter Championships.

Matthew has qualified for the International Scooter Association World Championships. They are to be held in Sydney on October 19th-22nd this year which is a huge home ground advantage. They won't be back in Australia for a few years. Matthew has six months to practice heaps and give it his best shot!

Well done Matthew.

Steph Saravanja
Head of Wellbeing

IN MY WORDS *with Lily Stewart*

At the Warrnambool Hospital on the 9th of March 2005, my parents welcomed me, Lily May Stewart, into the world. I'm the youngest of only two with my older brother Liam. I lived in Warrnambool for the first couple of years of my life where I made cherished memories of our cubby house that had sunflowers growing next to it and our big fat cat Angus balancing along the fence. Then when I was two my Mum, Liam and I moved to Ararat where we've now been for the past 16 years.

The first few years of my life are filled with many memories from St Andrews Kindergarten where I met lifelong friends and made many memories, but I usually took a nap for the entire day on the couch or stole some pebbles for my Mum (even though she later made me return them). My afternoons were filled with watching Play School while waiting for my brother to finish school. Soon after I began primary school at St Mary's. I don't have many memories of primary school but the one day of every year I'll always

remember was book day, I would get to show off my incredible costumes that my Mum put hours of work into and always made sure I looked the best. I made many friendships in primary school that I will never forget and some friendships that will last a lifetime.

A lot of my childhood memories were filled with weekends and holidays in Warrnambool. My best memories are with my Da and cousins, where we would get spoilt to times at bowling, mini golf and the movies, and even though we are all grown up now he still loves to spoil us with days out like those.

Towards the end of primary school was when I started my journey and love of dance. I danced with Dynamic Dance for six years of my life and only stopped this year. Through my years of dancing I did jazz, tap and hip-hop. I will forever be grateful to my Mum and Aunty for encouraging me to follow my passion for dance because I wouldn't have met some of the incredible people I know now if I hadn't.

Ever since I was little I always had a love for fashion and art and that has followed me all the way through life and are still things I'm very passionate about. I always had a dream of becoming a famous fashion designer when I was in primary school. Even though this was a very ambitious dream my Mum always supported the silly little fashion designs I would make out of my blankets and doonas. In the last couple of years, I've also found my love of concerts and live music, as my teachers would know from all the times in the last year I've been at a concert instead of school.

My time at Marian College has felt like a blur and has gone so fast, although there have been many ups and downs throughout my high school years there have been so many incredible memories and friendships to come out of it. Although I'm not certain about my future I'd love to do interior design/decorating as well as some travelling in the future.

I will forever be grateful for the family I have for always supporting me through life and making sure I've always had the happiest memories. Especially to my Mum for literally everything she has done for me and my brother and the lives she's given the both of us and what she has sacrificed in return. (Also forever grateful for my little fat cat Finn <3<3)

Lily :)

IN MY WORDS

with Hannah Smith

On the 31st of May 2005, I was born at the Ararat Hospital to my mother, Sarah Paul and father, Andrew Smith. Little did I know, Ararat would be where I would spend the next 18 years of my life. My parents were not born in Ararat, so I think they were trying to torture me from an early age by moving here. I am the middle child, but I know for sure I am the favourite. I have two sisters, Sophie and Emma.

I went to Jack and Jill Kindergarten before starting at St Mary's and finally ending up here at Marian College. My family spent some time in New Zealand, so I started my primary school years at Wakari School in Dunedin. There were no uniforms at Wakari, so I was a happy chappy. Some of the kids didn't even wear shoes to school. I don't have many memories of school at St Marys, and the ones I do remember, I should probably keep to myself, but it sure was an interesting time in my life.

Before moving into town, we lived in Cathcart. Life at Cathcart was peaceful, but there were definitely some cons. One con being, no internet. For the majority of my childhood, we had no internet (shocking, I know). We had a tiny portable wifi thing instead. It ran out quickly, but I figured out how to recharge it using Mum's credit card details. Safe to say, she wasn't too happy when she found out how much money I had been spending. Sorry Mum.

I don't remember much about growing up, but there are a few stand-out memories. One was hitting my sister in the head with a makeup palette and on a different occasion, flinging a hair tie in her eye. I also remember wanting to be a jockey. I would get the saddle and reins, put them on the back of the couch or wood stumps outside, put on my jockey gear, and pretend I was winning the Melbourne Cup.

In regards to my future, I have no idea. I was pretty set on going to university until this year. I plan on taking a year off next year to work, and maybe someday I will end up at university, but we will see. I would love to get an apprenticeship as a tattoo artist in Melbourne and eventually become a fully licensed tattoo artist with my own shop.

I would like to thank my mum for putting up with me in my rebellious teenage years and supporting me through everything. My mum has taught me a lot, she has taught me how to be independent and not rely on

others to get me through life. If I could tell my younger self anything, it would be to not stress so much about school. Getting a bad grade is not the end of the world, and if you don't meet your own expectations, that's ok. There is always time and space to improve. Also, don't stress about your future! You do not need to have it all sorted out before you finish school.

Good luck to all the Year 12s this year and the future Year 12s. Wherever life takes you, be proud of how far you have come.

Parent Teacher Interviews

Pupil Free Day

Parent/Teacher/Student Interviews will be held on **Wednesday 10th May, 2023**. This is an important opportunity to speak to teachers for direct feedback about your child's progress throughout this semester and discuss any issues that may have arisen. It is highly recommended that students attend. Details of the interviews follow:

- Interviews start at 1.00pm and the evening concludes at 8.00pm
- There will be a whole staff break at 5.30pm for 30 minutes.
- Interview times are a strict 8 minutes per subject.
 - If you have teachers who teach multiple classes with your child, **bookings will be limited to one interview timeslot for that teacher**. Similarly, if you have a need to discuss an issue in greater depth, please organize a separate meeting time.

Interviews can be booked through the **Parent Access Module (PAM)** from the College website. **Please note that Mr Harricks will be unavailable for interviews.**

Follow these instructions to make a booking.

- From the College Website Homepage, click on the PAM icon.
- Log in to PAM using your current username and password.
- From your PAM homepage, Click on the Parent Teacher Interview Icon. This will open a page where you can make bookings for your child/children.
- Click on the child you wish to make a booking for, then select the subject. The times when that staff member is available will appear. Only available timeslots will appear.
- Click on a suitable time and select 'Book Interview'.
- Booked times will appear at the bottom of the page.
- Continue making bookings for subjects and teachers you wish to meet.
- You will be able to print off all bookings made using the print icon.

Bookings may be cancelled and changed at any time. Please make cancellations as soon as possible to free up timeslots for others.

If you require assistance please contact office staff who can make bookings on your behalf.

Marian College

Information Evening for 2024 Enrolments

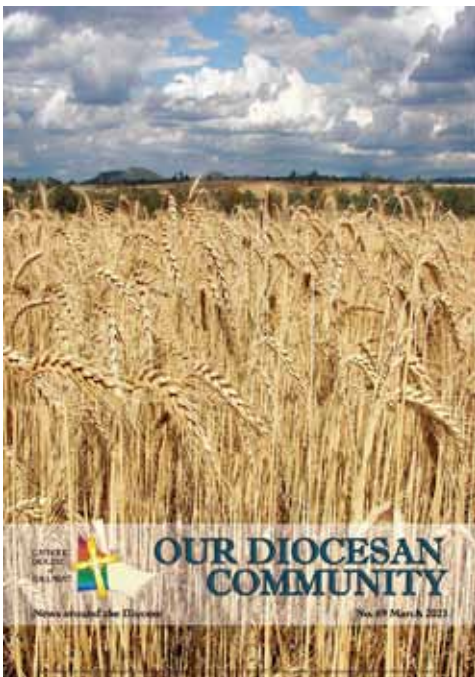

Marian College will host an information evening on **Tuesday 16th May 2023 at 6:30 pm** commencing in the Marian College Gymnasium, Moore Street

Private Tours

In addition to the Information Evening the College is open for private tours any time from 8:00 am to 6:00pm Monday to Friday. Please contact the College to make an appointment on 5352 3861

Enquiries: 5352 3861 | Email: principal@mcararat.catholic.edu.au

FROM YOUR HOUSE LEADER

In the last week of Term 1 the school Athletics Carnival was held in what were perfect conditions. Clancy started off strong with some great results. Unfortunately, we were not able to capitalise on the strong start. Congratulations to Synnott who went on to win the Athletics Carnival. Thanks to every Clancy member who participated and gave their best effort. Hopefully, next year we will see more members contribute on the day.

Congratulations to the following Clancy members who were age group winners.:-

13yrs Girls: Darcy Venn
13yrs Boys: Jack Richardson
18yr Girls: Sabaya Woods
18yrs Boys: Jayde McMurtrie

Today we held our school cross-country. Congratulations everyone for participating in a fun afternoon. Winners from each age group will go on to represent the school at the Black Ranges cross-country. This term students have the opportunity to represent the school in many winter sports teams for netball and football. I wish each team all the best.

I want to congratulate Mr Michael Harricks (TA for Clancy 5) who was married over the holidays. I wish Mr Harricks and his wife Julia all the best as they start their new life together.

On Wednesday Year 11 students will travel to Melbourne for three days for their camp. They will use this time to familiarise themselves with the use of public transport and they will visit other major sites. I hope they make the most of this opportunity to get to know what Melbourne has to offer.

Next week Parent-Teacher interviews will be taking place on the 10th of May. This is a great opportunity for parents to meet your teachers and discuss your progress so far this year and areas that might need a bit of improvement. It is also an opportunity to ask questions about possible subject selections and pathways for senior studies. Subject selections will take place early in Term 3 so it is important to make informed choices, so start asking questions.

I hope everyone has a great week. Most of all whatever you do this week be kind. Kindness costs you nothing, but can mean the world to someone who may be struggling.

Mrs Boatman
Clancy House Leader

YEAR 9 CAMP

CAREER NEWSLETTER

NEW, RESOURCES, EVENTS

Thursday 27 April 2023

YEAR 12 STUDENTS

AUSTRALIAN DEFENCE FORCE

ADF Gap Year applications are now open!

Current Year 12 students can apply for a 12-month position in the Air Force, Army or Navy to begin in 2024. The following roles are on offer:

NAVY

- Maritime Warfare Officer
- Maritime Warfare Officer Submariner
- Mechanical Engineer
- Mechanical Engineering Submariner
- Helicopter Mission Commander
- Navy Sailor
- Electronics Engineer
- Electronics Engineer Submariner

ARMY

- Army Logistics
- Army Administration Assistant
- Army Combat
- Chef
- Military Police
- Army Officer

AIR FORCE

- Administration Assistant
- Air Force Security
- Aviation Support Technician
- Warehouse Store person

Start your application

Find a role you would like to apply for and click on the 'apply now' link at <https://bit.ly/2uW1hzi>

MEDICINE, DENTISTRY, ORAL HEALTH

Register for the UCAT ANZ

Year 12 students who are planning to sit the UCAT this year can now register to sit the test. Registrations will close on Wednesday 17 May, www.ucat.edu.au

UCAT Preparation programs

There are various commercial companies that offer UCAT preparation programs, two of which are mentioned as examples below. However, it is essential to note that the universities that use UCAT as a criterion for selecting candidates for their medical courses do not officially endorse any of these commercial companies.

NIE, <https://www.nie.edu.au/>
MedEntry, <https://www.medentry.edu.au/>

EARLY ENTRY PROGRAMS NOW OPEN!

Early entry enables universities to look at factors other than just the ATAR when making course offers. Each program takes different criteria into consideration. The following is information on four early entry programs that are now open.

Charles Sturt University

Charles Sturt Advantage (Round 2). Applications close 30 June. Successful students will receive an ATAR free offer for the 2024 intake. <https://bit.ly/2UmOlgt>

Australian National University

Applications close Monday 15 May. Successful students will receive an ATAR free offer for the 2024 intake. www.anu.edu.au

La Trobe University

La Trobe has two early admission programs that are open for Year 12 students:

ASPIRE YEAR 11 CONDITIONAL ENTRY

Round 2 applications are now open. Selection is based on:

- Year 11 grades
- An endorsement from your school

Successful applicants will be eligible to receive a conditional ATAR free offer. The conditions are:

- Complete Year 12
- Achieve course prerequisites.
- Preference the course correctly via the Victorian Tertiary Admissions Centre (VTAC).

Not all courses are eligible. Rolling offers will be made until the closing date.

ASPIRE COMMUNITY CONTRIBUTION

Applications are now open. Selection is based on a statement about your community service/leadership history. Successful applicants will receive an early conditional offer. The conditions are:

- Complete Year 12
- Achieve course prerequisites.
- Achieve the minimum 'Aspire ATAR' for the course.
- Preference the course correctly via the Victorian Tertiary Admissions Centre (VTAC).

All courses are eligible and rolling offers will be made. Applications close Friday 1 September.

Information on both programs - www.latrobe.edu.au/study/aspire

YEARS 11 & 12 STUDENTS

TUTESMART PROGRAM

Students studying Year 11 and 12 classes may be interested in exploring the ATAR Notes TuteSmart program. Participants can pay to undertake weekly tutoring classes and private tutoring, <https://tutesmart.com/vce>

YEARS 9 – 12 STUDENTS

MAJOR CAREER EXPOS

The following events provide a fantastic opportunity for students and their families to speak to representatives from a huge range of tertiary providers. At each event you can attend seminars and speak directly to organisations. You can get information on:

- Resources for the VCE
- Tertiary study, university, TAFE and training courses
- Career advice
- Study advice
- Employment advice and opportunities
- Apprenticeship and traineeship advice
- International exchange and gap year programs
- How to choose Year 10 subjects

VCE and Careers Expo 2023

Date: Thursday 4 - Saturday 6 May
Venue: Caulfield Racecourse, Caulfield
Purchase tickets, via www.vceandcareers.com.au

Note: the HSC and Careers Expo will be held in June, www.hscandcareers.com.au

Victorian Careers Show 2023

Date: Thursday 18 - Saturday 20 May
Venue: Exhibition Pavilion 1, Melbourne Show Grounds, Ascot Vale.
Purchase tickets, via www.victoriancareersshow.com.au

WORK EXPERIENCE PROGRAMS

Note: families are responsible for all costs associated with these work experience programs, including transport and accommodation. To apply, please see your work experience coordinator to discuss dates and required paper work.

Electrical Engineering, IT and Electrical Trades (Year 10 – 12)

CitiPower and Powercorp run a work experience program called 'Bright Sparks'. The week-long program offers female-identifying and non-binary students the chance to explore what a career in electrical engineering, IT or electrical trades might look like, <http://bit.ly/3yXK1tm>

Science and Mathematics (Year 9 & 10)

Swinburne University offers week long work experience placements in the following study areas:

- Applied Mathematics
- Astronomy & Astrophysics
- Biotechnology & Biochemistry

The work experience placements will be held at the Hawthorn campus, <https://bit.ly/405prnN>

Australian Defence Force (ADF) Work Experience (Year 10 – 12)

The ADF offers work experience to Year 10 – 12 students. There are work experience placements available in the following roles:

CANBERRA

ASD Cyber Security and Robotics
Australian Army Band

NEW SOUTH WALES

Navy Aviation
Indigenous Youth Placement
Air Force Familiarisation
RAAF Health Roles

VICTORIA

Army Familiarisation
Indigenous Youth Placement

Information - <http://bit.ly/3DaOThp>

ALL STUDENTS

COMPETITIONS

Boost your resume, develop new skills, and showcase your talents!

High School Mocktail Film Awards

As part of their annual Martini Film Festival & Awards, JMC Academy hosts the High School Mocktail Film Awards. To enter, you will need to submit a short film (e.g., film, documentary, animation, television commercial, film clip) by Sunday 14 May. There are amazing prizes to be won, <https://careernews.click/mocktail>

STUFFit Student Film Competition

This is a film festival competition for high school students. The winner and runner-up for each category will receive an awesome piece of film equipment for their prize. Early bird applications close Wednesday 14 May, <https://filmfreeway.com/>

UNSW Bragg Student Prize

This exciting competition is now open for students in Years 7 – 10. The UNSW Bragg Student Prize is a science writing prize designed to complement and enrich your science and English study. Applications close Friday 25 August, <https://careernews.click/bragg>

INTERESTING ARTICLE

Good Education Media has developed a fantastic website that showcases the top 20 most popular trade/vocational occupations in 2019, 2020, 2021, and 2022. This website will be interesting to young people who are keen to follow a vocational pathway after school – you might be surprised about some of the jobs that made the list! <https://bit.ly/441UrgB>

AUSTRALIAN HARVARD MODEL UN CONFERENCE

For the first time, the prestigious Harvard Model UN Conference is coming to Sydney! With 1000+ Year 9-12 students expected to participate, this is an opportunity not to be missed. The event will be held between 1 – 4 June 2023. Visit the website to register your interest in this four-day event as an individual delegate. Visit www.hmunaustralia.org

UPCOMING CAREER EVENTS

One of the best ways to develop ideas for occupations and courses is to participate in career events. Check the Career Newsletter for upcoming events and join social media accounts for any higher education provider or training institute you are currently interested in to ensure you are up to date with events. The following are events you may be interested in.

AUSTRALIAN DEFENCE FORCE

You can find out about careers in the Australian Defence Force through participating in free information sessions. There are sessions running at various locations across Victoria and NSW and online sessions, www.defencejobs.gov.au/events

THE UNIVERSITY OF MELBOURNE

Colleges – Open House 2023

If you're considering studying at The University of Melbourne in the future and would like to live on campus, you should consider attending Open House 2023. You will be able to tour the ten Residential Colleges and speak directly to advisers and current residents. The event will be held on Saturday 6 May 2023, 11am-4pm. <https://bit.ly/4zyqpcy>

SAE CREATIVE MEDIA INSTITUTE

SAE is a creative media institute and has several campuses across Australia.

Create for a Day

The Institute is opening its doors for a one-day program, designed to expand your skills and get you working on inspiring creative projects in the fields of Animation, Design, Audio, Film, Games, Music Production, and Song Writing. The event will be held on Saturday 29 April at the Melbourne campus, <https://sae.edu.au>

Melbourne Info Night

Prospective students are invited to attend an info night on Thursday 4 May. You will be able to view the work of current students, speak to course advisers, and view the world class facilities at the Institute, <https://sae.edu.au>

AUSTRALIAN CATHOLIC UNIVERSITY (ACU)

Talk with Industry Series

ACU is running an online 'Talk with Industry Series' event on 27 May: Talk with Business & IT Professions. You will hear from ACU alumni about their professional experiences after completing a business or IT degree and take part in a Q&A session with graduates to find out what your future could hold with one of these degrees. The session will be held between 6 – 7pm and is open to prospective students, www.acu.edu.au/about-acu/events/

ACU Entry Pathways for Year 12 Students (Webinar)

ACU has a range of pathways and entry programs available to Year 12 students. In this webinar, the ACU Future Students team will explain the various options and the eligibility criteria for each one, and you'll hear from current students about their journeys. The webinar will be held on Tuesday 23 May, www.acu.edu.au/about-acu/events/

COLLARTS

Collarts is a private institute that offers a wide range of creative media courses such as Animation, Comedy, Design, Film, Music, and Fashion Marketing. Collarts is running an Open Day at their Melbourne campus on Saturday 13 May, www.collarts.edu.au/open-day

JMC ACADEMY

JMC is a private institute that offers a wide range of creative media courses such as Acting, Audio Engineering, Animation, Visual Communication, Entertainment Business Management, Film, Song Writing, Music, and Games Design. The Academy is running an Open Day at their Melbourne campus on Saturday 27 May, www.jmcacademy.edu.au

PHOTOGRAPHY STUDIES COLLEGE (PSC)

Students interested in studying photography in the future are invited to attend the PSC open day on Sunday 30 April at the South Melbourne campus. For information and to register your place, visit www.psc.edu.au

MONASH UNIVERSITY

Discover Events

The following events will be held in May. Some events will be held online, others will be held on campus, www.monash.edu/discover/events

9	Discover Architecture
9	Discover Nursing & Midwifery
10	Discover Design
10	Discover Biomedical Science & Nutrition
11	Discover Science

31	Discover Engineering

Access Monash

The following events will be held online in May, <https://bit.ly/3kVijtH>

4	Study skills session
10	Law student panel
11	Nursing, Midwifery & Health Sciences student panel
16	Medicine & Biomedicine student panel.

AIE OPEN DAY

The Academy of Interactive Entertainment (AIE) has several campuses across Australia. The Academy is running an Open Day for prospective students on Saturday 13 May 2023. You will be able to discover courses designed to get you started in game development, 3D animation, film and visual effects. For information, visit https://aie.edu.au/aie_event/open-day/

FREE WEBINAR

How Maths + X = your dream career

Join this free webinar on Wednesday 24 May to explore how you can combine a maths degree with your 'X', which is your passion, another area or a big goal, for example – Maths + health. You will meet some maths stars who are changing the world with maths and data! Register via <https://bit.ly/3AuBrCS>

ENGINEERING & IT WEBINARS

University of Technology Sydney

The University of Technology Sydney (UTS) is running a series of exciting webinars in May, showcasing their amazing engineering and IT degrees and scholarships. These webinars are suitable for any student interested in these career areas, even if they aren't planning to study at UTS, as they will contain industry relevant information.

1	Computing Science & Industry Degree Academy
3	Biomedical Engineering
4	Bachelor of Information Technology
8	Bachelor of Games Development
9	Data Science Engineering
10	Civil & Environmental Engineering
	Bachelor of IT Co-operative Scholarship
15	Electrical & Electronic Engineering
16	Bachelor of Information Systems
17	Bachelor of Artificial Intelligence
18	Software Engineering
22	Mechanical & Mechatronic Engineering
23	Women in Engineering & IT Scholarships
24	Flexible Engineering
25	Bachelor of Cyber Security
30	Chemical Process Engineering
31	Renewable Energy Engineering

Explore the webinars and register your place via <https://bit.ly/3HcQ3uD>

VCE SUBJECT PREREQUISITES

For Nursing, Midwifery & Paramedicine

If you're currently in Year 11 or Year 12 and are considering studying nursing, midwifery, or paramedicine at university in 2024 (Year 12) or 2025 (Year 11), you may like to explore the VCE subject prerequisites for entry into courses at Victorian Universities. Interstate students can access equivalent subjects and study scores/bands via <https://bit.ly/3AxdECo>

You can download prerequisite information via <https://slmcareerresources.edublogs.org/>

Information for the 2026 intake (current Year 10 students) will be released via the Victorian Tertiary Admissions Centre late Term 2 or early Term 3.

REGISTERED NURSES

Provide vital care and support to patients, including administering medication, monitoring vital signs, and assisting with daily activities. They work closely with doctors and other healthcare professionals to create treatment plans and ensure patients receive the best possible care. Nurses are compassionate, knowledgeable, and dedicated to helping others.

PARAMEDICS

Are highly skilled healthcare professionals who provide emergency medical care to patients in critical situations. They respond quickly to emergency calls, assess the patient's condition, provide necessary treatments, and transport patients to hospitals. They are trained to handle a wide range of medical emergencies, including cardiac arrest, trauma, and respiratory distress, and work in high-pressure environments to save lives.

MIDWIVES

Are healthcare professionals who specialize in providing care and support to women during pregnancy, childbirth, and postpartum. They monitor the health of both the mother and the baby, offer advice on nutrition and exercise, and provide emotional support throughout the entire process. Midwives aim to ensure a safe, healthy, and positive childbirth experience for both mother and baby.

YEAR13 ACADEMY

The team at the Year13 Academy have been busy developing amazing online programs designed to ignite your career interests, build your knowledge, and empower you to take charge of your future. The following two programs might interest you:

Engineer Your Future

Year13 has collaborated with Engineers Australia to develop this amazing online program. You will discover what it takes to become an engineer and explore the fascinating projects you could be working on in the future. Modules include:

1. Designing your future.
2. Customise your career.
3. Getting into gear.
4. The building blocks.

This program is essential for anyone interested in engineering.

Cheers to Careers

This is a fantastic program that introduces you the exciting world of hospitality and events.

Modules include:

1. Recipe for success: explore jobs in food service.
2. In the mix: discover roles in food and beverages.
3. The main event: learn about working in events.
4. Be our guest: uncover careers in accommodation.

Access the programs and modules for both the engineering and hospitality programs via the Year13 Academy, <https://year13.com.au/academy/>

THE CARE & SUPPORT SECTOR

The Australian Government has developed an excellent website that aims to showcase careers in the care and support sector. The initiative is called 'a life changing life'. Examples of careers include aged care, disability support, Auslan & deaf interpreters, and veteran's care. The website contains inspiring stories from people working in various care roles, and information on education and training, www.careandsupportjobs.gov.au
